

The Townsville Hospital Emergency Department

Emergency + Education = MoLIE Registrar

Commencing: mid – 2012

Be part of an exciting and dynamic intern teaching program while working in the largest and newest tertiary-level Emergency Department in tropical North Queensland!

MoLIE (More Learning for Interns in Emergency) is an innovative program providing intensive, dedicated teaching to interns. As the MoLIE Registrar, you will become an integral part of our team of enthusiastic educators. Your role includes organising and participating in the delivery of case-based small group teaching and providing supervision for interns in their clinical work.

Take the opportunity to enhance your teaching skills while helping interns with their clinical reasoning, communication and hands-on skills. You will be supported in your development as an educator.

This unique role is accredited for 6 months full-time special skills training with the College.

For further information or to apply please contact: Michelle Lees, Staff Specialist MoLIE / Emergency Department (07) 4796 1111 (ext 5135) Michelle_Lees@health.qld.gov.au
